

DBDOC – De G. Michaels Consulting Ltd

Grâce à plus de 37 ans d'expérience avec les solutions et les mises à niveau de systèmes de commande de processus, G. Michaels Consulting Ltd bénéficie d'une perspective unique sur l'industrie.

Nous avons créé DBDOC en 1996 pour répondre aux besoins de nos clients qui voulaient un outil de dépannage et de documentation pour les systèmes INFI 90® qui offrirait une vue complète des diverses ressources des systèmes de commande de processus. DBDOC est un produit doté de nombreuses fonctions qui répond pleinement aux attentes des utilisateurs de système DCS du monde entier.

Nos clients

Des centaines de clients satisfaits dans 21 pays utilisent DBDOC dans de nombreuses industries et configurations. Si DBDOC vous intéresse, n'hésitez pas à nous contacter. Nous serons heureux de vous mettre en contact avec d'autres utilisateurs de DBDOC ayant des systèmes similaires au vôtre. Pour obtenir une liste de nos clients, rendez-vous à l'adresse www.gmcl.com.
